****Winner of the 2015 National Parenting Publication Silver Award!!**** Teeth Fairies is a new spin on the tooth fairy tradition. It is a brand new book and doll set that provides a fun interactive experience between your child and their own personal tooth fairy. When your child gets a loose tooth a fairy arrives at your home and the magic begins! Children must name their fairy and find her in their home every morning when she returns from Tooth Fairyland. It is the tooth fairy's mission to watch over and record children's dental habits and healthy eating choices. Her mission is complete and she becomes an official tooth fairy when your child places their fallen tooth in her crown pocket. Teeth Fairies know that it is never wise to wake a sleeping child, so no more fussing under anyone's pillow! The last place she was will be the place where she leaves your child's surprise. Your child's special tooth fairy will return to them every time they get a loose tooth. The Teeth Fairies box set contains an adorable fairy and beautifully illustrated hard cover book with pages that can be personalized. There is also a page in the back of the book to record tooth loss details. Teeth Fairies is a family keepsake that will provide lasting memories and loads of fun for you and your children.
